

APPENDIX NO 18.5 HURDLES MANAGER & HURDLES MANAGER’S STUDENT ASSISTANTS (x 12)

Hurdles are to be in place by 8.40 am for the first event in the A, B, C, D, E & F divisions of carnival. For the G, H & I divisions of carnival, hurdles are to be in place for the first event by 9.15 am.

On arrival at the venue, the Hurdles Manager should check that all hurdles are in working condition. He/she should also brief student assistants as to the procedures to be followed.

Student assistants are to sit on the ground on the outside of the hurdles track opposite their row of hurdles during the running of hurdles events. Do not remain standing, as this would block the view of spectators and officials.

The lanes used for hurdles at **State Athletics Stadium** are lanes 5, 6, 7, 8, 9, 10, 11 and 12 of the 110m straight (also lane 4 if 9 schools are competing).

The order of hurdles events, hurdle heights, number of flights, distance between flights approach and finish distances are as follows for carnivals with all events/age groups:

SET UP ORDER	NUMBER OF EVENTS AT SETTING		HURDLES SET UP								
			Gender	Age	Distance	Track Marks	Flights	Start	Between	Finish	Height
1	<i>Carnivals A to E = 6</i>	<i>Carnivals F to I = 3</i>	Girls	U13	80m	Black	9	12m	7m	12m	76.2cm
			Boys	U13	80m	Black	9	12m	7m	12m	76.2cm
			Girls	U14	80m	Black	9	12m	7m	12m	76.2cm
2	<i>Carnivals A to E = 6</i>	<i>Carnivals F to I = 3</i>	Boys	U14	90m	White	9	13m	8m	13m	76.2cm
			Girls	U15	90m	White	9	13m	8m	13m	76.2cm
			Girls	U16	90m	White	9	13m	8m	13m	76.2cm
3	<i>Carnivals A to E = 2</i>	<i>Carnivals F to I = 1</i>	Girls	Open	100m	Yellow	10	13m	8.5m	10.5m	76.2cm
4	<i>Carnivals A to E = 4</i>	<i>Carnivals F to I = 2</i>	Boys	U15	100m	Yellow	10	13m	8.5m	10.5m	84cm
			Boys	U16	100m	Yellow	10	13m	8.5m	10.5m	84cm
5	<i>Carnivals A to E = 2</i>	<i>Carnivals F to I = 1</i>	Boys	Open	110m	Red	10	13.72m	9.14m	14.02m	91.4cm

- *F to I Division carnivals only have one division per age/gender event for hurdles.*
- *G, H & I Division carnival have no U16 events*
- Please liaise with the AWA Chief referee regarding hurdle placements and heights.

Appendix 18.5 cont. To "Athletics Carnival"

If required by the track referee, the Hurdles Manager can check the height of the hurdles, using the measuring stick (provided by the ACC).

Hurdle heights are measured from the track surface to the top edge of the hurdle cross bar.

The Hurdles Manager is to liaise with the Starter's Assistant, to ensure that the order of hurdles events is maintained.

Special note: The U/16 and Open Girls hurdles races are before the Boys U/15, U16 & Open hurdles events. This is a different order to the normal race order, due to the differences in hurdle heights and distances.

On the first day of the series of carnivals, the Hurdles Manager receives the hurdles on the trolleys from the VenuesWest equipment official.

Hurdles are to be in place by 8.40 am for the first event in the A, B, C, D, E & F divisions of carnival.

For the G, H & I divisions of carnival, hurdles are to be in place for the first event by 9.15 am.

At the conclusion of hurdles events, the hurdles are to be neatly stacked on the hurdles trolleys and then returned to the storage area. Please check with the VenuesWest equipment official.

Student assistants are to return to spectator areas when the Hurdles Manager has completed his/her duties.

The hurdles manager has another role later in the carnival as the 800m-crossover judge.
