NB: HIGH JUMP

- If the start height is not achieved – places and points are not awarded.
- Once the final place is achieved, the athlete can continue jumping until missing the height. At this stage of the event the official and the athlete can discuss the height increments. With time constraints and fatigue the athlete may wish to raise the bar directly to the height that offers a personal best or to go for a record jump. The increments must be at least 3cm.
- In the case of a new or equalled record, indicate with an asterisk (*) next to the place awarded. Put new record in record box. Carnival Manager must check all records before they are ratified.

THE OFFICIAL'S ASSISTANT IS TO OBTAIN THE CHIEF FIELD REFEREE'S SIGNATURE ON THIS FORM FOLLOWING THE COMPLETION OF THE EVENT. IT MUST THEN BE DELIVERED IMMEDIATELY TO THE RESULTS ROOM.

If an athlete chooses to leave the event to compete in another track or field event, upon returning they must jump at whatever the bar height has been increased to. The event will only stay open while other competitors are still jumping and will close off once the last jumper misses the final height.
